CAECD has developed an annual budget to operate and maintain Next Generation 9-1-1 emergency communications service within the District.
- 1.2. Caldwell County ("County") is a Texas County that has agreed to participate in the District as authorized by Chapter 772 of the Health and Safety Code.
- 1.3. This contract is entered into between CAECD and County under Chapter 791 of the Government Code so that County can participate with CAECD in implementing the Next Generation 9-1-1 emergency communications system in the district.

Section 2. Goods and Services

- 2.1. County agrees to coordinate implementation and collection of the Geographic Information System (GIS) data on a countywide basis in accordance with the standards adopted for the Capital Area Council of Governments (CAPCOG) GIS Program. Specifically, County agrees to:
 - A. Coordinate 9-1-1 GIS activities within the County and municipalities in the County to develop and enhance the 9-1-1 GIS coverage required by Mapped All and the *CAPCOG NG9-1-1 Transitional GIS Data Requirements*, Attachment B, to this contract. The County must develop, compile and maintain current, seamless countywide coverage for street centerlines, address points, Emergency Service Zones (ESZs) and city limits in both the incorporated and unincorporated areas of the County.
 - B. Provide to CAPCOG GIS datasets described in Section 2.1.A that are in accordance with the *CAPCOG NG9-1-1 Transitional GIS Data Requirements*, Attachment B. This document describes the technical requirements and expectations for GIS data maintenance and monthly submissions.
 - C. Submit by the first business day of each month to CAPCOG's GIS Department a copy of updated GIS datasets for street centerlines, address points, ESZ boundaries, and city limit boundaries. All files submitted to CAPCOG must be in ESRI File geodatabase format, and must be in a common projected coordinate system. CAPCOG agrees to perform quality assurance/quality control procedures through the 5th business day of the month, including any coordination necessary with the County that may involve the County making corrections to mandatory components of their work – See Attachment B requirements. By the 7th business day of the month, CAPCOG will begin pushing the updated/corrected GIS datasets to the

mapping servers designated by CAECD. It is expected that by the 9th business day of each month the GIS datasets will be updated.

- D. Enter into contracts for joint data development and information sharing among the County, cities, central appraisal district, and other public entities and private interests located within the County so as to enhance the effectiveness of emergency service delivery related to 9-1-1 GIS coverage. If the County is unable to acquire any required Mapped ALI GIS data, as described in Section 2.1.A, from one of the entities listed above, then County must develop it independently.
- E. Track County commissioner's court and city council meetings that relate to development and improvement of GIS implementation for emergency services delivery. If an issue arises where either the County commissioner's court or city council takes a course of action that would interfere with or be inconsistent with the data development and maintenance procedures followed by the County, the County must notify CAECD in writing within two business days in order to facilitate the development of an appropriate response.
- F. Resolve conflicts and problems related to the 9-1-1 GIS data maintained by County. If any issue regarding the GIS data arises which the County cannot resolve on its own, the County must contact CAECD within two business days in order to determine the best course of action to resolve the issue.
- G. At a minimum, back up monthly on computer media all critical 9-1-1 GIS mapping files, coverages and related data (street centerlines, address points, ESZs, city limits and common places files) and store the backup data in a secure place.
- H. All data and derivative products such as maps must include the standard CAPCOG data disclaimer.
- I. Resolve any discrepancies between GIS datasets as determined necessary by CAPCOG through its regular validation testing, in a timely fashion. Upon correction of any identified errors, resubmit the revised GIS datasets to CAPCOG in a timely fashion.
- J. Resolve any discrepancies between GIS datasets and the information displayed at the PSAP as reported by a call taker, in a timely fashion
- K. Attend scheduled quarterly GIS User Group meetings and at least one annual training workshop at the CAPCOG office.

Section 3. Effective Date and Term of Contract

- 3.1. This contract takes effect on October 1, 2017 and it ends, unless terminated early under Section 11, on September 30, 2018.

Section 4. Contract Price and Payment Terms

- 4.1. CAECD agrees to compensate County in the total amount of not to exceed **\$40,000** for its performance of this contract.

- 4.2. County agrees to request reimbursement, but not more often than quarterly, for all allowable costs paid or incurred under this contract by completing the CAECD Quarterly GIS/Database Manager Financial Report, Attachment A to this contract, and submitting it to CAECD. "Allowable costs" are defined in "Cost Principles for State and Local Governments and Other Affected Entities," Chapter II of the *Uniform Grant Management Standards* (Governor's Office of Budget and Planning).
- 4.3. CAECD agrees to pay County the reimbursement requested within 30 calendar days after receiving the correct and complete CAECD Quarterly GIS/Database Manager Financial Report.
- 4.4. If County made expenditures under this contract in violation of applicable law or policy described in Section 6, County agrees to repay the reimbursement for those expenditures to CAECD within 60 calendar days from the date CAECD notifies County of the repayment amount due and the reason repayment is required.
 - A. If County does not repay the reimbursement when required, CAECD may refuse to purchase 9-1-1 equipment on County's behalf and may withhold all or part of the unpaid reimbursement from County's future entitlement to reimbursement under this or future interlocal contracts between the parties for implementation of the enhanced 9-1-1 database program.
 - B. Before the 60-day repayment period expires, County may appeal in writing to CAECD its determination that County repay the reimbursement, explaining why it believes the determination is wrong, or County may request CAECD in writing to extend the 60-day repayment period, proposing an alternative period and justifying its need, or it may both appeal and propose an extension. The CAECD Board of Managers decision on County's appeal or proposal or both is final.
 - C. The appeal authorized by Section 4.4.B is the only mechanism for challenging CAECD's determination under Section 4.4 that County repay the reimbursement. The early termination provisions of Section 10 and the dispute resolution process of Section 11 are not available to challenge CAECD's determination.

Section 5. Performance Reports

- 5.1. CAECD agrees each quarter to distribute electronically a performance report to the County Database Coordinator.
- 5.2. County agrees to address errors identified in the performance reports.

Section 6. Compliance with Applicable Law and Policy

- 6.1. County agrees to comply with all applicable law and policy in carrying out this contract. Applicable law and policy include but are not limited to the Texas Health and Safety Code Chapter 771.061 and Chapter 772; the current *Uniform Grant Management Standards* (Governor's Office of Budget and Planning); the current CAECD annual budget; and CAECD's *9-1-1 Policies and Procedures Manual* and CAPCOG *RNS Policies & Procedures*.

Section 7. Independent Contractor, Assignment and Subcontracting

- 7.1. County is not an employee or agent of CAECD, but furnishes goods and services under this contract solely as an independent contractor.
- 7.2. County may not assign its rights or subcontract its duties under this contract without the prior written consent of CAECD. An attempted assignment or subcontract in violation of this Section 7.2 is void.
- 7.3. If CAECD consents to subcontracting, each subcontract is subject to all of the terms and conditions of this contract, and County agrees to furnish a copy of this contract to each of its subcontractors.

Section 8. Records and Monitoring

- 8.1. County agrees to maintain financial records (including procurement records if applicable), statistical, and ANI/ALI records adequate to document its performance, costs, and receipts under this contract. County agrees to maintain these records at County's offices.
- 8.2. Subject to the additional requirement of Section 8.3, County agrees to preserve the records for three fiscal years after receiving its final payment under this contract.
- 8.3. If an audit of or information in the records is disputed or the subject of litigation, County agrees to preserve the records until the dispute or litigation is finally concluded, regardless of the ending or early termination of this contract.
- 8.4. Upon advance and reasonable notice to the County, CAECD is entitled to inspect and copy, during normal business hours at County's offices where they are maintained, the records maintained under this contract for as long as they are preserved. CAECD is also entitled to visit County's offices, talk to its personnel, and audit its records, all during normal business hours, to assist in monitoring its performance under this contract.
- 8.5. CAECD at least once each year will visit County's offices and monitor its performance of this contract to ensure compliance with applicable law and policy described in Section 6. CAECD will provide County a written monitoring report within 30 calendar days of the visit. The report will describe any compliance issues and schedule a follow-up visit if necessary.
- 8.6. CAECD agrees to notify County at least 24 hours in advance of any intended visit under this Section 8. Upon receipt of CAECD's notice, County agrees to notify the appropriate department(s) specified in the notice of CAECD's intended visit.

Section 9. Nondiscrimination and Equal Opportunity

- 9.1. County shall not exclude anyone from participating under this contract, deny anyone benefits under this contract, or otherwise unlawfully discriminate against anyone in carrying out this contract because of race, color, religion, sex, age, disability, handicap, veteran status, or national origin.

- 9.2. If County procures goods or services with funds made available under this contract, County agrees to comply with CAECD's affirmative action procurement policy, which is set out in CAECD's 9-1-1 *Policies and Procedures Manual*.

Section 10. Early Termination of Contract

- 10.1. Except as provided in Section 4.4, if CAECD or County breaches a material provision of this contract, the other may notify the breaching party describing the breach and demanding corrective action. The breaching party has five business days from its receipt of the notice to correct the breach, or to begin and continue with reasonable diligence and in good faith to correct the breach. If the breach cannot be corrected within a reasonable time as agreed by the parties, despite the breaching party's reasonable diligence and good faith effort to do so, the parties may agree to terminate the contract or either party may invoke the dispute resolution process of Section 11.
- 10.2. If this contract is terminated under Section 11, CAECD and County are each entitled to compensation for goods and services each provided the other before receiving notice of the suspension or termination. However, neither CAECD nor County is liable to the other for costs it paid or incurred under this contract after or in anticipation of its receipt of notice of suspension or termination.
- 10.3. Termination for breach under Section 11.1 does not waive either party's claim for direct damages resulting from the breach, and both CAECD and County among other remedies may withhold from compensation owed the other an amount necessary to satisfy its claim against the other.
- 10.4. The ending of this contract under Section 3 or its early termination under this Section 10 does not affect County's duty:
- A. To repay CAECD for expenditures made in violation of applicable law or policy in accordance with Section 4.4; and
 - B. To preserve its records and permit inspection, copying, and auditing of its records and visitation of its premises and personnel under Section 8.

Section 11. Dispute Resolution

- 11.1. The parties desire to resolve disputes arising under this contract without litigation. Accordingly, if a dispute arises, the parties agree to attempt in good faith to resolve the dispute between themselves. To this end, the parties agree not to sue one another, except to enforce compliance with this Section 11, toll the statute of limitations, or seek an injunction until they have exhausted the procedures set out in this Section 11.
- 11.2. At the written request of either party, each party shall appoint one non-lawyer representative to negotiate informally and in good faith to resolve any dispute arising under this contract. The representatives appointed shall determine the location, format, frequency, and duration of the negotiations.
- 11.3. If the representatives cannot resolve the dispute within 30 calendar days after the first negotiation meeting, the parties agree to refer the dispute to the Dispute Resolution Center of Austin for

mediation in accordance with the Center's mediation procedures by a single mediator assigned by the Center. Each party agrees to pay half the cost of the Center's mediation services.

- 11.4. The parties agree to continue performing their duties under this contract, which are unaffected by the dispute, during the negotiation and mediation process.
- 11.5. If mediation does not resolve the parties' dispute, the parties may pursue their legal and equitable remedies.

Section 12. Notice to Parties

- 12.1. Notice to be effective under this contract must be in writing and received by the party against whom it is to operate. Notice is received by a party:
 - A. When it is delivered to the party personally;
 - B. On the date shown on the return receipt if mailed by registered or certified mail, return receipt requested, to the party's address specified in Section 12.2 or 12.3 and signed for on behalf of the party; or
 - C. Three business days after its deposit in the United States mail, with first-class postage affixed, addressed to the party's address specified in Section 12.2 or 12.3.
- 12.2. CAECD's address is 6800 Burleson Rd., Bldg. 310, Ste. 165, Austin, TX 78744, Attention: Executive Director.
- 12.3. County's address is _____
Attention: _____.
- 12.4. A party may change its address by providing notice of the change in accordance with Section 12.1.

Section 13. Miscellaneous

- 13.1. Each individual signing this contract on behalf of a party warrants that he or she is legally authorized to do so and that the party is legally authorized to perform the obligations undertaken. The undersigned warrants that he or she:
 - A. Has actual authority to execute this contract on behalf of the governing body identified as the Public Agency in this agreement and;
 - B. Verifies the governing body, by either minute order, resolution or ordinance approved this agreement as required by Texas Government Code section 791, as amended.
- 13.2. This interlocal contract shall be construed and interpreted in accordance with the laws of the State of Texas. Venue shall be solely in Travis County.
- 13.3. This contract states the entire agreement of the parties, and may be amended only by a written amendment executed by both parties, except that any alterations, additions, or deletions to the

terms of this contract which are required by changes in Federal and State law or regulations are automatically incorporated into this contract without written amendment hereto and shall become effective on the date designated by such law or regulation.

CAPCOG NG9-1-1 Transitional GIS Data Requirements Version 2.0 (2017)

1 Summary

The following geospatial data and corresponding attribute specifications are required to be regularly maintained by each county for Mapped Automated Location Information (ALI), Location Validation Function (LVF) and Emergency Call Routing Function (ECRF).

This document is referenced in the Capital Area Emergency Communications District Interlocal Contract for Geographic Information System Data and the Capital Area Emergency Communications District Interlocal Contract for Next Generation 9-1-1 Database Program documents and is commonly called "Attachment B Requirements".

The GIS Data requirements in this document are a condensed version of, and based upon, NENA (National Emergency Number Association) standards as they are developed and evolve over time. We are in a lengthy transitional period to Next Generation 9-1-1 (NG9-1-1). Data model standards should be more thoroughly reviewed in the "NENA Standard for NG9-1-1 GIS Data Model" document. Specifics regarding address point placement methodologies should be reviewed in the "NENA Information Document for Development of Site/Structure Address Point GIS Data for 9-1-1" document. There are other useful resources, as well, and CAPCOG will provide several of these on its own Web Site.

Please provide monthly updates of the 9-1-1 datasets referenced in this document in ESRI file geodatabase format by the 1st business day of each month. Incomplete datasets or other data abnormalities related to requirements may be returned to the county for correction. To be included in that month's PSAP update, the data must be returned to CAPCOG by the 5th business day of that month.

Regarding database fields and data types, each is very specific and must follow the exact guidelines outlined below. For example, the "L_ESN" field must be Text type with a character width of 5. Remember to keep the field names in your database the same as those listed, and in the same order, and that all entries for every field must be in UPPER CASE. The complete attribute definitions shown in the GIS data tables are described and defined in the "Database Format" sections for each dataset. The data fields shown as **Mandatory** and **Conditional** must be present in the data. In the tables below, the column **M/C/O** is to indicate whether the attribute values is **Mandatory (M)**, **Conditional (C)**, or **Optional (O)**.

- **Mandatory** signifies an attribute value must exist
- **Conditional** signifies that if the attribute information exists in the real world, it must be included. If no value exists for the feature, the individual value is left blank without an empty space (if text), or 0 (if numeric)
- **Optional** signifies an attribute value may or may not be included in the data field

In the GIS data tables below, the **TYPE** column indicates the data type used for the data field.

- **TEXT** – string of alphanumeric characters including any combination of alphabetical letters A-Z and numbers 0-9

- **DATE** – Date and time using ISO 8601 compliant formats which are in the format of YYYY-MM-DD HH:MM:SS
- **DOUBLE** – double precision floating point numeric values with decimals
- **LONG** – whole numeric values ranging from -2,147,483,648 to 2,147,483,647 without decimals

In the GIS data tables below, the **WIDTH** column indicates the number of allowable characters within each field.

2 Road Centerlines (RCL)

This line data represents road networks in the CAPCOG region. This layer includes the street names and address ranges used to assign an address.

2.1 Graphic (Spatial) Edits

Each named street needs to be represented in the GIS graphically and include attribution for all database fields listed below. All unnamed streets included in the street centerline layer are required to have the designation "DRVW" entered in the 'street name (ST_NAME)' field and have any other relevant attribute information completed, including the 'CLASS' field. When a street centerline is created or edited, several sources and methods can be used, including current aerial imagery, georeferenced survey plats, computer-aided design (CAD) files, parcels, mapping-grade GPS units in the field, or other authoritative sources or methods. The positional accuracy of addressed structures should be within +/- 5 feet of the center of the roadbed (the part on which vehicles travel) noting that when roadways are divided (i.e by a median) the roadbeds on each side should have a centerline drawn. In all cases each new street centerline will need to be split, or checked for gaps, at each jurisdiction and ESN line/boundary intersection. Street segment direction must be correct as well. These items and other geometric relationships are referred to as "topology", and especially important for NG9-1-1 purposes.

4 Emergency Service Zone (ESZ)

This polygon data consists of the intersection of law enforcement, fire district, and emergency medical service and telephone exchange boundaries in the CAPCOG region.

4.1 Graphic (Spatial) Edits

These areas need to accurately reflect the boundaries of each geographically unique combination of fire, law and EMS responder zones. This layer is created and maintained by overlaying with some combination of street centerlines, municipal (i.e. city limit) boundaries, parcels boundaries, or other data to determine each jurisdiction's emergency response service areas. As new emergency response services are added to, or change in an area, this boundary file will need to be modified accordingly. Communications must be regularly preserved with all fire, law, and emergency medical responders to obtain the information required to maintain updated ESZ boundaries. These ESZ boundaries should be within +/- 50 feet of their true location with no gaps or overlaps. These items and other geometric relationships are referred to as "topology", and especially important for NG9-1-1 purposes. **In addition, it is very important that all features with identical attribute information are merged into one multipart polygon.**

- 10.2 If this contract is terminated under Section 10, CAECD and Public Agency are each entitled to compensation for any performance undertaken pursuant to the terms of this interlocal contract, where such performance was provided to the other before receiving notice of the termination. However, neither CAECD nor Public Agency is liable to the other for costs it paid or incurred under this contract after or in anticipation of its receipt of notice of termination.

Dear Members:

Nominations for directors of the Caldwell County Appraisal District for the 2018-2019 term are to be submitted to the chief appraiser on or before **October 15, 2017**. Each taxing unit may nominate one candidate for each position to be filled. All five positions are available for selection, therefore, each unit may nominate up to five candidates.

A director must reside in the appraisal district for at least two years immediately preceding the date he or she takes office, and must not have delinquent property taxes. An employee of a taxing unit is not eligible to serve as a director unless the employee is also an elected official.

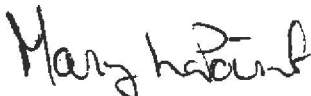

The presiding officer of the taxing unit submits the names and addresses of the nominees by written resolution to the chief appraiser by October 15, 2017. Names submitted after this date will not be listed on the ballot. The resolution must be adopted by majority vote of your taxing unit's governing body. Each unit will then receive a ballot before October 30, 2017.

Enclosed you will find the voting entitlement for each of the voting taxing units. Please submit nominees only at this time.

I have enclosed a document outlining the steps in the selection process and a copy of the Property Tax Code regarding eligibility

Re: Extension of depository agreement dated October 1, 2013

Dear Barbara,

Regarding the extension of the County Depository Agreement dated October 1, 2013 the Bank would be agreeable to extend the existing contract for an additional two years as discussed. The final proposal is detailed below. This is the best rate proposal that can be provided based on the current rate environment. Remember also that based on the current agreement the County is not charged for any service or maintenance fees with the exception of NSF fees.

The following proposed rates will be effective October 1, 2017 through September 30, 2019

Proposed APY for all Super NOW accounts for the period October 1, 2017 thru September 30, 2019 will be equal to the 91 Day T-Bill discount rate adjusted monthly. There will be a minimum APY of 0.50% and a maximum APY of 1.00%. The APY will be calculated on a daily collected balance and updated on the first business day of each month.

Proposed APY for Certificate of Deposits of \$100,000 or more with a 7 day to 365 day maturity will be the stated Bank rate as disclosed at the time of request.

Proposed APY for Certificate of Deposits below \$100,000 with a 7 day to 365 day maturity will be the stated Bank rate as disclosed at the time of request.

If the new rate proposal is agreeable please let me know by September 30, 2017.

Invoice No. 731

Honorable Kenneth Schawe, County Judge

Caldwell County

110 S. Main St.

Lockhart, TX 78644

Dear Judge Schawe:

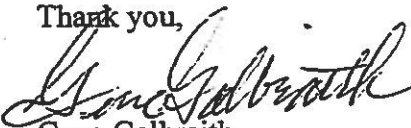

This Invoice No. 731 is for services rendered not covered under the general terms of our Contract with Caldwell County.

As you know a major storm in the spring caused severe damage to the clock. We had requested that the County construct a scaffold in the tower to allow access to the clock's differential gear which is located above the clock room. Unfortunately, the scaffold was not provided.

Therefore, we cut an access opening in the ceiling of the clock room to access the differential gear. Using a step ladder, we were able to climb up into the attic and make repairs to the damaged parts. We worked on this over a period of two days. The north dial drive mechanism had been disengaged by the powerful winds buffeting the dial face. We reengaged the north dial gear shaft. Each of the four dials had to be resynchronized with each other and the clock's drive train. Over the following days, we readjusted the time-keeping and got each dial running together, albeit 15-20 minutes slow. Now we are much closer to correct time, but we still make weekly adjustments to the pendulum to improve the timekeeping.

We submit this invoice in the amount of \$575.00 as a supplement payment for our work on the clock. Please send payment to: Gene Galbraith, 10900 Crumley Ranch Rd, Austin, TX 78738.

Thank you,

Gene Galbraith

Re: Street Right-of-Way Variance Request
Compostela Subdivision

Dear Commissioner Roland:

On behalf of Robert W. McDonald, III, Managing Partner of Compostela L.L.C., owner of the proposed Compostela Subdivision, we respectfully request a variance from Section 3.3.1(A)(1)(a) (Second Amendment to Caldwell County Development Ordinance), Appendix B.4 and Table B-1 and B-2 of the Caldwell County Development Ordinance specifying a minimum right-of-way width of 50 feet for urban (curb and gutter) local streets and 60 feet for rural (shoulder-section) local streets.

Our client proposes to plat 43 residential lots on a 78.437 acre tract of land that is encumbered by 9 different easements. The major easements on the property are power transmission line easements between the Lower Colorado River Authority (LCRA) and Austin Energy substations located adjacent to the property. The available point of access to a publicly dedicated street (Williamson Road) for the northern portion of this site is through a narrow strip that lies between the northernmost corner of the LCRA substation and the neighboring property. This access has a width of 38.38 feet. Attempts were made to acquire right-of-way from the adjacent tracts and to acquire permission from the LCRA for a street to pass beneath the power transmission lines so that the minimum width could be satisfied, however these attempts were unsuccessful; therefore we request a variance from the 50-60 foot minimum right-of-way width requirement. Please note that this width limitation only affects the first 177.66 feet of the proposed roadway and the remaining length of roadway will meet the minimum right-of-way width requirement. We propose to access the property through this strip by using the Caldwell County urban street standards of curb and gutter until it passes the LCRA substation and then transition to a rural street right-of-way of 60 feet when the property widens to the full 60 foot width.

It is our opinion that an undue hardship exists if the ordinance is applied literally. We offer the following facts in support of our requests:

1. Strict application of this requirement is not feasible as the property as constituted does not have the available width to meet the requirement, attempts to acquire the additional right-of-way and/or secure

permission to place a street across an easement beneath the power transmission lines were unsuccessful and no alternative point of access is available.

2. Strict application of this requirement would result in the specific hardship of denying access to the northern portion of this property as this is the only point of access to the site.

3. Granting of this variance will affect only the 18 lots proposed on the northern portion of this subdivision, and meets the intent of the regulations by providing the required width after the initial 177.66 feet of the proposed roadway.

4. Granting of this variance does not present any detrimental impacts to the health and safety of the public.

5. Granting of this variance does not present any detrimental impacts to the environment.

6. Granting of this variance will not effect the orderly development of other land in the area as the narrow nature of this portion of the tract at the single available point of access requiring the right-of-way width variance is unique to this property.

Thank you for considering this request.

Sincerely

RE: **Compostela Subdivision – Preliminary Plat – Variance Review**
BCG Project No. 070004-14-003

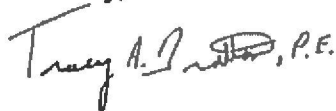

Ms. Miles,

Bowman Consulting Group has reviewed the two Variance Requests recently submitted for Compostela Subdivision Preliminary Plat. Please forward this to the Applicant for their response to our comments and questions below.

1. Regarding the Variance Request for the length of cul-de-sac:
 - a. Could the need for this variance be eliminated if the two streets on either side of the electric easement corridor were connected by a third street across the corridor?
 - b. Has interconnecting the streets in this manner been considered previously?
2. Regarding the Variance Request for the ROW width:
 - a. We are inclined to support this variance if:
 - i. It can be demonstrated that the road and drainage improvements can safely fit within the proposed 38' ROW.
 - ii. The two streets on either side of the electric easement corridor are connected by a third street across the corridor.
 - b. We will recommend denial of this variance if the proposed 38' ROW is the only access to the cul-de-sac.

Please let us know if you have any questions in regards to these comments.

Sincerely,

Tracy A. Bratton, P.E.
